Your advantages:

- Significant reduction in workload and focus on core business
- Increased uptime of your fleet
- Lower life cycle costs of the trailer
- High value retention of the trailer

■ included □ optional ■ not included

This is included for you:

- Coverage of all **standard wear parts**, as well as repairs of tyres, trailer and cooling unit
- Schmitz Cargobull takes over all the handling processes and the invoice verification
- Constant **monthly payment** over the agreed contract term
- Digital vehicle file** in real time for efficient management of vehicle data
- Available for new and used vehicles, as well as third-party vehicles

Good to know:

New: National Full Service
The "National Service Contract" option allows customers to have repairs & maintenance carried out within a country, based on their country of registration

Highlights:

Trailer Proactive Monitoring enables **real-time monitoring of the trailer** with evaluations and early notifications of critical situations and maintenance requirements
